### **EC Member – Arif Hussein**

I hold a MA in Economics from Pembroke College, Cambridge. On Graduation I worked as an Interest Rates Derivatives Trader, rising to become Managing Director and head of GBP Rates trading at RBS. I left the City in 2014 and established Pepe's Northwood and also founded Klyk (with Asad Hamir). In 2023 I joined Salesforce, where I cover Financial Institutions.

Hujjat runs its membership database on Salesforce. My aim would be to leverage the exceptional work that has been carried out by the Salesforce team to date to increase revenue but more importantly leverage the membership portal (and future work) to deliver the services required by our community.

My involvement in community work started at a young age, inspired by my mother Hamida Hussein. Most recently I was part of the team that delivered the Hujjat Membership Portal, on Salesforce. I have also been part of the team for both the Bibi Khadija Entrepreneurship competition and SBS. I was also head of Men's badminton for 2 years and part of the committee for SJRS. I also coach the U10s SJFA team and volunteer in the learning support class at Madressa.
