Salaam. I really appreciated the positive mannerisms - the patience, respect, and willingness they showed in every occasion in the mosque. The committes akhlaq of greating the seniors and the young. Marshalla. May Allah (swt) reward them abundantly and make it sadaqah jariyah for them.

Organisation, professionalism has been excellent

I have no words to say. All of you have been very much helpful to young mums and elders and no complaints.

Flexibility and the enthusiasm of the committee . Varied and interesting programs . Improvement would be in keeping control of children's noises during the program and Salaat so that we can concentrate. A dedicated volunteer to keep the noise level down . Thank you for all your hard work and inshallah we see you again for the next two years .

# INSPIRED BY YOUR FEEDBACK

But the survey wasn't the only way we listened...

Throughout the past two years, your feedback following our programmes and events has helped shape every step of our journey. Here are just a few of the voices that continue to inspire us.

For the first time, we felt that our whole family belonged. The volunteers and organisers go above and beyond to ensure that every child is included and every parent feels supported.

The team brought fresh ideas and meaningful changes that truly made a difference. Introducing change is never easy, but over the past two years, the Ladies Committee has shown dedication, resilience, and a genuine commitment to serving everyone—from the youngest members to the elders of our community.

Thank you once again for letting us come. The kids really enjoyed it and the talk was just so touching! It was all just perfect. Well done to you and the entire team for all the hardwork you always put into these events! They're honestly so appreciated! ❤️

May Allah(SWT) reward you abundantly and give you the strength and drive to continue doing this 🙏

Thank you soo much for making this space for parents and children of SEN. It was quite hard with my first born coming to the centre. The space has been amazing for children with SEN.

Following the survey, many of you have enjoyed our service and asked us to stand again. So here we are.

Two years ago, we stepped into this role as a brand new team with a simple intention: to serve. We listened, learned the ropes, built relationships, faced challenges and laid strong foundations for growth.

Through your trust and feedback, we have grown in experience, understanding and confidence.

Today, we are not asking you to vote for familiarity. We are asking you to vote for proven service, meaningful progress and a team that continues to listen, learn and evolve.

The foundations have been laid. The journey has begun. With your support, we can build on that progress and continue serving our community with sincerity, purpose and dedication.

If you believe this work should continue, we humbly ask for your valued vote.
