

Mahmood Jagani is an experienced healthcare professional who successfully owned and managed his own optical practice for many years. Through his professional career, he developed exceptional organisational, administrative, and people-management skills, earning a reputation for efficiency, professionalism, and attention to detail.

Following the challenges presented by the COVID-19 pandemic, Mahmood successfully transformed a personal passion into a thriving business venture, demonstrating resilience, adaptability, and entrepreneurial ability.

Mahmood's outstanding administrative and organisational skills would be a significant asset to the Executive Committee. He strongly believes in openness, accountability, and member engagement, and would support measures to enhance transparency by ensuring Executive Committee meetings are accessible to members wherever appropriate and that meeting minutes are published regularly and promptly.

His ability to manage people effectively, communicate clearly, and maintain robust administrative processes would help form the cornerstone of a transparent, accountable, and member-focused administration. Mahmood's experience, professionalism, and commitment to good governance would make him a valuable addition to the Executive Committee.
